From Washington.

The Postoffice Appropriation---Radical Alarm About the Bill---Position of the President---The Presidential Question---Congress Floundering---The Pardon Docket to be Cleared---The Colorado Bill---The New Orleans Report.

The Washington correspondent of the Baltimore *Sun* writes as follows:

THE POST-OFFICE BILL.

The Senate is somewhat alarmed at the prospect of losing the postoffice appropriation bill for the next fiscal year, by the adoption of the amendment to the bill making it a condition precedent to the payment of any money to any civil officer that his appointment shall be confirmed by the Senate. If this condition be insisted upon, the President will veto the bill, for he cannot, of course, sign a bill that deprives him of all his constitutional power. The bill could not be carried over the President's head in either House. The consequence will be that the Postoffice Department will be closed and the postal service suspended. This would be revolutionary. Congress could, by pursuing the same course of usurpation, destroy the Government.

The post-office appropriation bill was once defeated by the obstinacy of a Senator. But as Congress was ready to pass the bill as soon as it met again, the Department was enabled to get along by issuing certificates of indebtedness.—But no one would trust this Congress to do any better at the next session than at this.

ALARM OF THE RADICALS.

The motion to reconsider the amendment was before the Senate to-day, and Mr. Poland objected to it. He could not stand before the people, he said, upon the proposition to refuse payment to a public officer. But Mr. Trumbull could, and the people, he said, would support Congress in the refusal to pay money to aid in the defeat of measures which Congress deems necessary to maintain the Government and perpetuate the Union. Mr. Sherman took a very practical and reasonable view of the question. As to some officers, the President, as he urged, must of necessity have absolute power of removal—such as the cabinet ministers and diplomatic agents. The President, for these and other officers, must have around him his personal friends.

If the Republican majority are alarmed at the removal of half-a-dozen officers in Pennsylvania and Illinois, what will be the effect of a general sweep of all the Radical officeholders?

CONGRESSIONAL MUDDLE.

Congress is blundering and floundering, and don't know from day to day what their own policy is. They agree in opposition to the President's policy, no matter what that may be. If his policy should be better than theirs, if indeed they should ever have any policy, he will have a better chance to be elected President without a nomination than any one else with the nomination of Congress. It is the Presidential question that Congress is looking to, and not to the promotion of any policy for the restoration of the Union.

IMPORTANT ORDER.

An order is understood to have been received at the office of the Attorney General from the President yesterday, directing that the dockets of applicants for pardon be cleared entirely, which is almost equivalent to the issue of a general amnesty, the leaders and prominent individuals being alone excepted. Certain it is, the issue of a general order cannot now be much longer delayed.

COLORADO DOOMED.

Some of those who voted for the Colorado bill are industriously circulating a report that the President will sign it; But I am assured that he will do nothing of the kind. What is more, the bill cannot be passed over the veto, so the question may be considered as settled against the young territory.

THE NEW ORLEANS INVESTIGATION.

I have seen a sketch of the report of Hon. Reverdy Johnson and James T. Brady, Esq., which the Secretary of War has informed the President it would be incompatible with the public interests to transmit to Congress, and I violate no confidence when I say it is one of the raciest documents that the war has produced.—The field of exploration in New Orleans was large and rich in the extreme, and there is very little respect of persons in the report which the gentlemen appointed make. The *quere* is, will it ever be published?

Thad. Stevens proposes in Congress to express our very deep sympathy, as a people, with the Emperor of Russia.—*Age.*

Why shouldn't he?

The Muscovite system appears to be Thad.'s peculiar admiration. He could not but have a fellow-feeling for any ruler who oppresses his people as Alexander does the Poles.—*Pet. Index.*

MILITARY LAW IN VIRGINIA—The United States District Court convenes at Norfolk, Virginia, to morrow, Judge Underwood presiding. Chief Justice Chase declines to preside until he can be assured that martial law is abrogated in Virginia. As there have been conflicting decisions in the War Department and by the commanders of military departments as to the effect of the peace proclamation with regard to the restoration of civil law in the States lately in rebellion, the Chief Justice does not feel that it would be seemly for a Judge of the Supreme Court to attempt to hold court whilst a doubt exists as to whether martial law is abrogated or not.

I can say upon good authority that the President does interpret the peace proclamation as abrogating martial law in the districts where the rebellion is declared to have ceased, in all matters in which the civil courts have jurisdiction. It is understood that a declaratory proclamation to that effect will be issued by the President in a day or two.—*Wash Cor. New York Times.*

TAX ON COTTON.—We learn from a telegraphic dispatch in the *Progress* of yesterday evening, that the House of Representatives has adopted the provision in the revenue bill taxing cotton five cents per pound. We regret this. The present tax was high enough. The tax will operate very heavily on cotton-growers, and the colored man, for whom so much sympathy is expressed in Congress, will have to bear his share of the burthen.—*Standard.*

SEVERAL Patrons of the Concord Female College have requested my aid in securing good

I can save each purchaser from $40 to $100. Price lists of the manufacturers will be sent to those who desire them, to aid them in making selections.

When selections shall have been made the money can be sent to me, at my expense, by the Southern Express, and a Piano will be shipped to the Depot the purchaser may designate. Each Piano sold will be fully warranted. Address me at Statesville, N. C.

WE ARE IN RECEIPT of an anonymous communication, from this City, over the signature of "*Ohio.*" It is against our practice to print irresponsible articles; but if the author will indicate his personality we will publish it with such comments as we may see proper to submit. The communication in question, though rather dogmatical, is written in so much better an *animus* than other essays upon the same subject, from similar sources, which we have seen, that we are willing, upon the condition mentioned, to meet the author in the same spirit of frankness that marks his article.

We do not prejudge the case, as "*Ohio*" puts it, when we mention that the staple of his friendly lecture consists in the exhibition of reasons why it is improper, useless and unwise for us to denounce the Radical leaders in Congress, and that portion of the Northern people whom they represent or whose sentiments they reflect.—"Ohio" confesses, virtually, that his sympathies are with that class, and hence, perhaps, his natural sensitiveness on the point. We have some toleration for *his* positions, in view of his locality, as indicated by his *nomme de plume*, but none for those *native* sympathizers with the Radicals, by whom we are also often arraigned for our denunciation of that turbulent faction.

We have no word of denunciation for the masses of the people at the North. We know that there are many thousands of them,—we can but hope a majority,—who favor the policy of the President and the inauguration of a kind and conciliatory course towards their late enemies of the South. Most of those who are crying for blood and persecution are but the dupes of Radical fanaticism, whose minds have been poisoned as to the true feelings and sentiments of our people. We fondly hope to see the day when their eyes shall be opened and their hallucination dispelled, and when, in their indignation, they shall "turn upon and rend" those who have misled and perverted them.

But we should, in our view of the case, be recreant to every dictate of manhood, and lost to every principle of honor, if we did *not* resist, in every legitimate way, the oppression and the burning wrongs that the Jacobin leaders in Congress would fix upon us. While the manacles are being forged for our limbs, we may, at least, be allowed the poor privilege of speaking our minds to those who are to rivet them. If we thought that either reticence or an appeal to the sympathies of the oppressor would avail ought in diverting his fury, we should be glad to essay either expedient. But the history of Jacobinism, in all ages, demonstrates the idleness of such appeals. Neither age, sex or beauty were sufficient to suspend the axe of the guillotine, and we have no reason to believe that human nature, and especially political morality, have improved since that day. Besides, when the President of the United States, in his lofty position, and speaking in our behalf, denounces these men, in no measured terms, we, who are the victims, and whose all is dependent upon the success of his beneficent policy, may well be excused for a like natural indulgence.

It is perfectly palpable that it is no part of the intention or desire of the Radical leaders to tranquillize our people, or to attach them by the strong and enduring bonds of either interest or affection to the Government. The conquror can always afford to be magnanimous, while it is assuredly his policy so to be. Not only this,—but a spirit of conciliation and clemency, in the flush of success, is a brighter ornament than the trophies of victory. Whenever the victor is heard to boast that he comes "to be conciliated, and not to conciliate," there aptly occurs to the mind the ripe aphorism of Burke, that "magnanimity in politics is the truest wisdom, and that great power and little minds go ill together!"

If it *is* the wish of the Northern people to calm the South and draw our people towards the government, as both their inclinations and interests impel them, it can be easily done. It is only necessary, as some cotemporary well observes, to revive their now suspended sense of interest in the Government by dealing with them as if they were citizens, free and equal citizens, and not convicts. Without a community of interest and feeling there never can be contentment in the South. The surest way to keep up divisions and estrangements, and to make, not only the present generation, but our children and children's children, regard the Government with an evil eye, is to deprive us of those privileges and franchises which are the constitutional inheritance of all native white citizens of the United States, and which are inalienable. The true policy, we repeat, is a magnanimous policy. "It is glorious to have a giant's strength, but tyrannous to use it like a giant."

THE NEW YORK *Times* wisely congratulates the country on the fact that so few of the negroes know how to read, inasmuch as they are thereby kept in blissful ignorance of the bad advice so liberally tendered them. Unfortunately, they are not without fanatical busy-bodies, who not only read for them, but seek to impress upon them the mischievous counsels of their pseudo-friends.

The Freedmen's Bureau—Strange Revelations.

The subjoined telegram from Washington City is published in the New York *Herald*, of May 7th. That paper says that the statements of its correspondent are not his individual opinions, but are "facts obtained through *official* investigation, and are entitled to the fullest credit as such." It adds: "Generals Steedman and Fullerton have been appointed to make these investigations, and looking at the high character, sagacity and impartiality of these gentlemen, we suppose no unprejudiced person will doubt the accuracy of what they have developed and what our correspondent reports."

WASHINGTON, May 7, 1866.—Some rich developments are coming to light concerning the operations of the Freedmen's Bureau in the Southern States. The record of its officers is likely to be one long list of perversion of official position for the subserviency of private ends.—Nearly every one is engaged in private speculations, and the rumors reaching us from all parts concerning their official malfeasance are so well authenticated as to no longer be a subject of doubt. The principal officers of the Freedmen's Bureau in the State North Carolina, for instance, are known to be engaged in cultivating plantations or in some other occupation tending to their private emolument. Dozens of instances could be cited, but a few will suffice. Col. Whittlesey, the assistant Commissioner controlling the State, is running one of the finest cotton plantations in North Carolina, in connection with the Rev. Horace James, formerly a Massachusetts army chaplain. This farm is situated in Pitt County. The following little circumstance will show how official position is prostituted to private gain:—A darkey was discovered stealing from James' store. He was brought before James, who acts as an agent of the Bureau without pay in the county in which he is planting, was convicted, and sentenced to dig ditches on James' farm. While undergoing the sentence he managed to escape, and made for the river. James called to him to surrender, and as he did not do so he fired at him. The man dropped out of his canoe and hasn't been seen since. The case was referred to Col. Whittlesey, James' partner, and the Assistant Commissioner of the State, who replied that, as the affair took place at night, and as the body of the man had never been found, it was not certain the shot took effect. Therefore no further action was called for. Captain F. A. Seely, Superintendent of the Eastern District, is cultivating a farm in Wayne county. Captain Roscranz, Commissary of subsistence at Newbern, is a partner in the firm of which a Mr. Brooks, of Mass., is a leading member, and which firm is running at least half a dozen plantations in the South. It has also been found that commissary stores have been removed from the commissary building before the usual hours of business. In one instance four barrels of pork were taken in this way and conveyed to a grocery store in the town. A brother of Captain Roscranz, who acted as commissary sergeant, stated, when detection was unavoidable, that the pork had been carried to the grocery by mistake, and that the mistake had been immediately rectified. The grocer, on being questioned, stated that he had the four barrels of pork in his possession, and that Captain Roscranz had been that day to ask its return. He also stated that Captain Roscranz had exchanged at least two barrels of white sugar for two of brown, for which he paid the Captain six cents a pound in exchange. The fact is well established that at Goldsboro large quantities of clothing sent from the North for gratuitous distribution have been sold privately and at auction. Chaplain Glavis, a Bureau superintendent for this district, is running two plantations on his own account and one for the Bureau. At Wilmington, Major Mann and Major Wickersham, permanent officers of the Bureau, are both interested in rice plantations. Major Wickersham, by his contract, is bound to see that the freedmen work; if they do not they are placed in the chain gangs. The effect of the system is to enable the agents of the Bureau to control the best labor in the State for their private interests. The worst feature of the whole is that the worst cases of malfeasance are found at the doors of the New England philanthropists. Several arests are reported to have been made, and others are expected to follow.

The charges contained in the foregoing statement are of so serious a character that we are loth to give credence to them. Our sole object in publishing them is that the attention of the parties concerned may be called to the matter, and that they may take the right steps to exonerate themselves, if the accusations are unfounded. We would not willingly injure any person connected with the Bureau, whatever our prejudices against that worse than useless institution; and our columns are accordingly open to any proper refutation of these grave complaints.

THE PRESIDENT'S firmness is telling. The Radicals have reconsidered the vote upon the amendment to the Post-office Appropriation bill, restricting the President's power of removal, because they found out that he would certainly veto the whole bill and let the post-offices be closed up. Mr. Poland said he would not stand before his people on that amendment. Speaking of this vote of re-consideration, the *National Intelligencer* says:

"The things presaged by the discussion in the Senate yesterday were, that numbers of the more thoughtful Republicans in Congress will not longer sustain the headlong policy that has thus far been forced along in the channels of legislation, under the leadership of Mr. Stevens.—And particularly is it indicated that measures to abridge the usual exercise by the President of his prerogative in respect to appointments cannot be passed over his head if vetoed. Nor is there longer danger, we feel persuaded, that the most odious features of the disunion scheme of the Reconstruction Committee can obtain the requisite constitutional sanction when subjected to the ordeal of executive disapproval. We hail this indication of right reason as encouraging to union, as going a step in the direction suggested by the enlightened public sentiment of Europe, as giving hope to the depressed business interests of the country, and as strengthening the public credit. It is now a favorable opportunity for such constituents of Congressmen as are not politicians by trade to aid and comfort all those who, in the high councils of the nation, are disposed to act for country, and not merely to obey the behests of violent partisans."

GOLD closed in New York, on the 8th., at 129. Cotton was quiet at 34@35 cents. Wheat had advanced from 2 to 4 cents.

THE VOTE IN COLORADO.—The aggregate votes in Colorado were: In favour of being constituted a State, 3,025; against, 2,870; majority for, 155. For negro suffrage, 496; against negro suffrage, 4,172; majority against, 3,576.

THE NEW YORK *Evening Post* has taken the trouble to look over its Republican exchanges to see how they like the Radical Congressional plan of reconstruction. It finds that the reception of the amendments and accompanying resolutions is very cold, and, judged by its organs, it is doubtful whether the plan would carry a majority, if put to vote only in the Republican party. Conservatives and friends of President Johnson's programme need not trouble themselves about this Congressional reconstruction scheme. *That* baby was dead before it was born.

For the Sentinel.

Madame Rumor.

MESSRS. EDITORS:—This old dame, as heard upon the streets, said that Governor Holden desired General Dockery to be a candidate for Governor, and, when the General was last in the city, several gentlemen belonging to the Holden league talked with him on the subject. Whether they dropped the General, or the General dropped them, is not known.

Then the old Madam reported that Capt. Thomas Settle was to be the candidate of the league. Now, she is just as confident in reporting that General J. M. Leach is to be Gov. Holden's candidate for Governor. Well, we know this: Gov. Holden has judgment in selecting candidates, except when he puts up himself!—Then he stumbles,—yes, falls flat.

Recur to history: Governor Vance was his candidate and choice. So was Jefferson Davis his choice for the Presidency of the Confederacy. Gov. Holden put himself up as a candidate in the Democratic Convention at Charlotte, in 1858. How he stumbled and fell! He put himself up for the Secession Convention in 1861, stumbled and came within six votes of being beaten.

He put himself up as a candidate before the Legislature, and was beaten by John Spelman, Esq. Now Mr. Spelman is the most "unprincipled" editor in the State, and why? Because he beat the Governor for printer. And Mr. Pell is next to Spelman, why? Because he beat the Governor's son.

If Mr. Pell had beat the old man, he would be the most unprincipled editor, and who ever beat his son would have been next to him.

He put himself up against Governor Vance.—What a fall was there, my countrymen! He was beaten——

He put himself up, or caused his friends to put him up, when appeared Governor Worth, and what another crash, my countrymen! In some parts of the State, it was not known that Governer Holden had opposition. We never heard of half a dozen men making speeches against Governor Holden, yet he is beaten, the like of which is not to be found in any political register.

Sixty five political leaders, members of the Convention, joined in inviting him out as a candidate. He was emphatically the candidate of the leaders, but the *people* would not, they could not, follow. To have followed him for twenty years was enough. They could no longer be led, deceived or betrayed by the man who was politically false to all friends and politically true to no principle.

Let Governor Holden come on with his Army candidate. If he thinks with General Leach to make Governor Worth leave the field, as General Leach made McDowell leave the field at Bull Run, he "reckons without his host."

The people of North Carolina, with kindly hearts, remember there was a time when General Leach and Captain Settle felt with them, suffered with them and fought with them—fully sharing with them the hardships of the camp and the dangers of the battle-field. But they will also remember that this able General and gallant Captain, if they did not tarnish their own military glory, they at least wounded their late companions in arms *in their most sensit ve part*, by voting for W. W. Holden, who telegraphed to know of the President "if soldiers could vote," when it was plain, from his proclamation, they could.

By the way, tell the Ex-Governor to quit his constant assumption of dignity—for he cannot be dignified. Quit his perpetual effort to sustain his own importance. Allow letter-writers to praise Gov. Vance without the *Standard's* threatening to have him sent to prison.

Tell him he seems to play the spy upon his own importance—and keeps watch over the sacred treasure with too much vigilance. That accounts for his being for ever so busy with himself.

Tell him to allow his mind sometimes to wander beyond the immediate localities of self and those that voted for him.

Tell him this for P. E. C., to whom he taught the doctrine of peaceable secession.

P. E. C.

PROCEEDINGS OF CONGRESS.

WASHINGTON, May 8th.

SENATE.—Mr. Sumner, from the Committee on Foreign Relations, reported the House joint resolution relative to the attempted assassination of the Emperor of Russia, with an additional section as an amendment, requesting the President to forward a copy of the resolutions to the Emperor, which was adopted.

A joint resolution to prevent the introduction of cholera into this country was introduced, which makes it the duty of the Secretaries of War and Navy, with the co-operation of the Secretary of the Treasury, whose concurrent action shall be directed by the President, to unite with all the power at their command for the establishment of a uniform system of quarantine, and to establish sanitary cordons for the prevention of the introduction and spread of cholera.

The resolution was discussed during the morning hour, and considerable objection to its adoption urged.

The Legislative Appropriation bill was reported and ordered to be printed.

HOUSE.—Mr. Garfield moved that the special order for to-day, viz: the joint resolution proposing an amendment to the Constitution, hitherto reported from the Committee on Reconstruction, be postponed until the tax bill is disposed of. He said that he should consider it a national calamity if the tax bill was deferred for any considerable time.

Mr. Stevens did not see any reason why the amendment should occupy the time of the House for more than a few days, and he considered it important that it go to the Senate as soon as possible.

The House refused to postpone.

Upon entering upon the consideration of the subject Mr. Stevens led off with a brief speech, in which he declared that the committee only wanted nineteen of the loyal States to ratify the proposed amendment, for he utterly scorned and repudiated the idea that the views of the States lately in rebellion should be counted in the adoption of the amendment.

Several other gentlemen followed in speeches of thirty minutes duration, the debate showing marked differences of opinion among the Radicals on the report in question.

The House took a recess at half-past four to meet to-night for the consideration of the Internal revenue bill.

The Catholic Orphan Asylumn of Troy, New York, was burned on Saturday. Loss $10 000

GENERAL NEWS.

WASHINGTON, May 9.—The bill which passed the House yesterday, but which has yet to be acted upon by the Senate, to remove the U. S. Circuit Court from Norfolk to Richmond, is in accordance with the desire of Chief Justice Chase, who expects ere long to be called upon to preside on that bench.

NEW YORK, May 8.—All the parties concerned in the Adams Express robbery of January last have been arrested and all the money except $40,000 has been recovered. The originator of the robbery, John Grady, who is also under indictment for murder, was shot by the turnkey while attempting to escape. He died in two hours after.

It is said that the Governors of two or three Northern States who are friendly to the President—and among them the Governors of Pennsylvania and Ohio—will not call the Legislatures together for the purpase of ratifying the constitutional amendments proposed by the Reconstruction Committee, preferring to wait until after the fall elections, when a popular test of the *new* issues can be obtained.

The remains of Major Thomas H. Clay, of Kentucky, who died in Atlanta in 1864, were disinterred on Friday last and forwarded to Kentucky. Major Clay was a distinguished Confederate officer, a son of Col. Clay of Mexican fame, and a grandson of Henry Clay. His remains are to be interred beside his father in the State Cemetery at Frankfort. They were escorted to the depot in Atlanta by a number of Kentuckians who are in that city.

The rapidly accumulating cases of litigation arising under the Civil Rights law, from prosecutions brought by negroes for denial to them of places with the most favored at theatres, hotels and other public resorts, make it certain that the policy of the law, in all its aspects, is to be a subject of grave public consideration.

We suppose from the various statements recently made, that Mr. Jefferson Davis will, ere long, be put on what is called his "trial," before a Federal Court, in which Judge Chase will preside; and that the scruples heretofore expressed by the latter will soon be removed by a declaratory Proclamation by the President, construing the recent Peace Proclamation to mean the abrogation of military rule.

The true amount of Government money on deposit in National Banks is about $29,000,000. United States Treasurer Spinner has made a statement substantially as follows: "The only Government funds that are placed in jeopardy by the failure of the Merchants' National Bank will be those placed on deposit by Paymaster Paulding, who had no authority to place them there, but did so against orders to the contrary."

The infamous disfranchisement law just passed in Tennessee, is almost certain to result in trouble. The similar acts in force in Maryland, West Virginia and Missouri, and the proscriptive policy of the Radicals, justify serious fears that the peace of the country will be broken. It seems to be the diligent effort of the political madmen to produce such result.

NEW YORK, May 9.—The Health officers report three new cases and three deaths from cholera since the last returns. Sixty-five convalescents have been transferred from the hospital-ship to the ship Saratoga, leaving only forty-seven in hospital. The total number of deaths by cholera is about fifty.

A new color is reported by the Parisian journals, as produced from coal tar. It is called *ianthine*, and occupies a medium position between the deep purple and brightest rose color.

A correspondent writes that, if we desire it, he will "send us something to fill up with." That's just what we want. Suppose you commence now with a good roasting piece of beef and a barrel of flour.—*Com. Bulletin.*

THE FENIANS COLLAPSED.—The Fenians appear to have collapsed, or gone up in a balloon, or eaten one another up, like the Kilkenny eats.

The crop of rice in South Carolia this year will not be more than one-eighth to one-sixth of what it once was.

The crops in Texas are in excellent condition, and all fears of an overflow of Red river have disappeared.

A sailor being asked how he liked his bride, replied "Why, d'ye see I took her for to be only half of me, as the parson says, but dash me if she isn't twice as much as I. I'm only tar, and she is a Tartar."

The Austro-Prussian difficulty is reported to be at an end. The relations of Austria and Italy, however, are critical.

A case of genuine ancient leprosy has occurred in New Orleans, the sufferer being a young girl of good standing.

IMPORTANT JUDICIAL DECISION.—In the Circuit Court of Nelson county last week, in the case of Walker *vs.* Loving, Judge Sheffey decided the following important questions:

1st. That contracts made during the existence of a *de facto* Confederate government were valid and binding, notwithstanding the subsequent overthrow of that government.

2nd. That the sale of a slave in Virginia, in the Confederate lines, prior to the 10th of April, 1865, was valid and binding, notwithstanding the emancipation clause in the Alexandria Constitution.

The case was ably argued by Judge Brockenborough, of Lexington, for the plaintiff, and Robert Whitehead, Esq., of Nelson, for the defendant; Judge Brockenborough maintaining the affirmative and Mr. Whitehead the negative of these propositions.—*Richmond Whig.*

Trial of Major Jno. H. Gee.

SYNOPSIS OF TESTIMONY.

FORTY-FIFTH DAY.

WEDNESDAY, May 9, 1866.

T. W. Allison, merchant, Salisbury, sworn.—Was issuing clerk to Maj. Myers. When the prisoners of war arrived, I dont think there were three days rations for 4,000 men. We had shipped everything to Richmond, Wilmington and Weldon, by order of the Commissary General. We shipped just as fast as we received them.—We had been doing it for two years, all the time.

The country was much drained before the prisoners were sent there, of every thing we could possibly get. Maj. Myers had agents in every county to collect every thing they could. I think we had impressed before the arrival of the prisoners. The requisitions for prisoners of war were made twice a week for three and four days. They had the number of men and the number of days, and signed by Maj. Gee. We sent rations down every day. They were weighed out to the young man who brought the requisitions, and he receipted for them on the back of it.

There was no difference between the ration issued to the troops and prisoners. The requisitions were made blank.

My orders were to issue to the prisoners first, because there were more of them, and the troops could be supplied with what came in during the day.

It we had on hand supplies for 9,000 men and there were 9,000 prisoners and 1,000 guard, I would divide it in proportion between them.

I have put off citizens working in the arsenal and quartermaster departments, by saying they had opportunities to purchase. I would make up the deficiency when I issued to them. They were entitled to rations. Don't recollect seeing any correspondence but Capt. Goodman's and Myers' on the subject.

The ration for the guard was 1 lb. ¾ flour, 10 lbs. rice to 100 men, 2 quarts of salt, 1 lb. beef, or ¾ lb. bacon, till some time in November; the ration of flour and meat was cut down some time in Nov., the ration of flour was put down to 1 lb. We were never able to give the troops or prisoners a full meat ration. Some time in Jan. we had not enough meat to give them.—At the time of the freshet they were not able to get more than half rations of bread, prisoners and guard.

Major Gee came up one evening and said the prisoners must have meat, or they would break out, and we got 500 lbs. that night and sent it down. He told me if we could just get meat enough to make soup of. I issued every pound we had.

When the news came that the prisoners were coming, Major Myers told me he did not see how we could feed them. If he had known, he would not have sent the supplies away—that the district was drained already. Don't know that after they came, orders came to send supplies to Lee's army. He sent nothing after they arrived, not to any place; didn't have enough to supply the post. I think the distillery got most of the grain from South Carolina. Have seen a large quantity of damaged grain sent from Charlotte. Major Myers had no control over that distillery. Mr. Mill had an order to turn over to it some two or three thousand bushels of corn, and Maj. Myers had it turned over to him, by writing to Richmond.

We did not issue to the poor. Jas. McCubbins was the county commissioner for that. The prisoners took every thing we had, when we left.

Myers made every effort that a man could.—We wrote to the agents to impress and buy every thing they could possibly get.

The prisoners got full rations of bread, rice and salt except at the time of the freshet. Never full meat rations.

I sent down the offal to the prison, not charged to them—refused them to the poor women and children who came after them, that the prisoners were to have them. If they could use them, well and good.

There was an order to return empty barrels. I recollect that Major Gee receipted for a great many, but I can't tell the number.

Don't know order about corn *in transitu* for Richmond. There was corn, wheat and flour seized on its way to Richmond. I don't recollect the quantity. Don't remember about flour being seized by a guard. I never had any conversation with Major Gee.

There was an assemblage of the people to bring everything they could get for the prisoners and the guard. Don't recollect of any subscription. Col. Meares gave beef and flour to feed them. A good many responded, but I don't know to what amount.

Q.—Do you recollect about supplies being sent in for Lee's army and Major Myers taking them and issuing to the prisoners?

A.—Can't say.

Believe there was some millers conscripted.

The custom was to give the butchers the offal, but Major Myers paid them money in lieu of it.

Cross Examined.—As near as I can tell, we issued to the prisoners of war meat, in October, more or less, every day. In latter part of December and first of January they would not get meat for four or five days. Sometimes we did not have either meat or molasses. Some days we issued 5,000 lbs of meat, and sometimes as low as 500 lbs, sometimes no meat at all. We had to send to them as the wagons came from mill. I swear that I issued to the prisoners in the same proportion as to the guard.

A. Myers, re-called.—Do you recollect the amount of empty barrels Maj. Gee receipted to you for, and what were they used for?

A. Four or six hundred. They were used for water. Think he receipted for 200 more at another time. There were barrels that were not receipted for and never did come back

A. M. Jones, Salisbury.—Was assistant issuing clerk in the Commissary department.

[Witness corroborated the statements of Mr. Allison so nearly, that it is a loss of space to give his testimony.]

Thomas D. Meares, Rowan Co. N. C., farmer.—Furnished wood for the prison at Salisbury. I was applied to by Capt. Goodman, who stated that the prisoners would suffer for fuel. I told him it would be impossible for me to cut for him. I got a letter from him that made me go to Salisbury again. I went into the prison yard and saw their condition, a good many barefooted without shirts and hats. I went back to Goodman and said I would put my hands to cutting wood. This was in early part of Oct. I think he said if I would get teams, he would prevent them being impressed. I cut 1,200 or 1,400 cords. Had three teams, 18 hands. About 500 cords were sent to the depot, a good deal is on the plantation yet. I got one receipt from Mr. Poe and no receipt for the balance. I made no contract with the Quartermaster.

I commenced delivering in ten days. I delivered at the station 13 miles from Salisbury. After a while the roads were so bad we could not haul. Goodman impressed waggons, had ten there at one time. I gave him a list of farmers for 7 miles around me.

Mr. Myers had notified me that I must consider everything impressed. We let him have 10 barrels for the use of the prisoners. I made a speech at the meeting to get supplies. I am satisfied that it was held while the prisoners of war were there.

(To be continued to-morrow.)

NEW ADVERTISEMENTS.—Mrs. A. M. Gorman offers valuable property in the City and County for sale.

Parties interested are referred to the Court advertisements from Caldwell Co.

The National Express Company announces the completion of its through connections.

Towles will have a great Auction on Saturday. Is also in receipt of late consignments of Molasses, Sugar, &c.

The Messrs. Tucker announce new supplies,—as attractive as usual.

THE FLORAL TRIBUTE.—In accordance with the previous anouncement, the ladies of this City, in large numbers, assembled at the Senate chamber, yesterday afternoon, with flowers, festoons and evergreens, whence they proceeded to the City Cemetery, and the other places where our brave dead are sleeping, and decorated their hallowed graves. All of the stores of the City, with one or two exceptions, were closed in honor of the day and the occasion.

At the Senate chamber, the ladies were briefly addressed by Seaton Gales, Esq.

Before leaving the Cemetery, they festooned with flowers the grave of Andrew Johnson's father, to testify their respect for the President and their gratitude for the magnanimous policy which he has adopted towards our unhappy section.

The hour at which we go to press precludes any further mention of the ceremonies, to-day. We hope, to-morrow, to have an account of the memorial exercises from some one of the fair participants.

The National Express and Transportation Company, as will be seen by its advertisement in another column, has completed arrangements which enable it to run on express trains as far as Atlanta, Ga., and as far West as St. Louis. It is prepared now to carry freights of all kinds, from the smallest packages to the heaviest boxes, and it announces that it is ready to work as efficiently, as expeditiously and as cheaply as any other company.

The Agent in this City, Mr. James A. Moore, will attend, with his well-known energy and promptness, to all business entrusted to his office.

THE DEAF DUMB AND BLIND.—The pupils of the Deaf, Dumb and Blind Institution have been most generously and pleasantly entertained during their visit to the sea-board. They gave a Concert and exhibition in Morehead City, and will also give one in Goldsboro. At Fort Macon, they were received with an artillery salute, by order of the Commandant of the Fort.

In accordance with the request emanating from the daughters of Georgia, and extensively circulated throughout the South, the ladies of Wilson, in this State, on Thursday, the 26th. ult., united in paying a tribute to the memory of the heroes who are dreamlessly sleeping in their midst, by visiting their graves and strewing them with the first young flowers of Spring.

The ladies of Hillsboro, in behalf of the effort making in that town to enclose the remains of the Confederate dead, purpose holding a "May Party" in the Masonic Lodge, this (Friday) evening, when the ceremony of coronation will take place, with its attendant "pomp and circumstance," together with the aid of a splendid band of Music and suitable refreshments.

THIS valuable Manure has been before the agricultural public, under one name for twelve years past, and its character for vigor of action and permanence in effect is well established. Before the war, it was introduced, to some extent, in the Southern States, and was found to be highly adapted to

In its action, it is as quick as Peruvian Guano, while it does not leave the land in an exhausted state, but on the other hand permanently improves it. This has been fully proven by years of trial.

HEALING SPRINGS,

BATH COUNTY, VA.

This celebrated WATERING PLACE will be opened to visitors on the 1st June next.

It gives the undersigned great pleasure to inform the public that, with liberal expenditures by the proprietors, the attractions for the ensuing season will be such as to gratify both the invalid and those in search of pleasure.

The principal buildings are extensive and substantial, and, with beautiful cottages, will furnish comfortable accommodations for three hundred visitors.—They have all been painted and put in thorough repair, and the Bedding and Furniture in every department is new. The medicinal virtues of the waters are so generally and favorably known that it would be superfluous to enter into an elaborate statement on that subject; their efficacy is attested by numbers, who have found relief at this fountain of health from some of the most distressing maladies to which the human family is subject. For a detailed and particular account of the properties of the waters and their effects, reference is made to a pamphlet to be had on application in person or by letter to Messrs. Purcell, Ladd & Co., Richmond, who will always have a supply of the water for sale.

Complete arrangements have been made for Hot and Cold, Spout and Shower Baths, and Plunge Baths; and, in addition to the mineral waters, an abundant supply of the purest freestone water has been brought from a spring in the mountains, a mile distant, and at an elevation of a thousand feet. Every advantage has been taken of the flow of water to arrange for the comfort of visitors.

These Springs are delightfully situated in Bath county, surrounded by the most beautiful and picturesque scenery, and present altogether attractions at least equal to any place in the mountains of Virginia, occupying a central position in the group of mineral springs for which this portion of Virginia is so justly celebrated.

Three miles from the Hot Springs, eight from the Warm, thirteen from the Bath Alum, and twenty eight from the Rockbridge Alum, they are of easy access by the Central Railroad and its connections to Millboro' Depot, and thence by stages over a fine turnpike road twenty three miles to the Springs, passing up the route by the Bath Alum, the Warm and the Hot Springs and crossing the Warm Spring Mountain. Every part of this route is connected with historical incidents of great interest, and the scenery is of unsurpassed beauty and grandeur.

A Physician, experienced in the use and effects of the waters will reside at the Springs.

By the 1st of June there will be a daily mail, and a daily line of stages from Millboro' to the Springs.

The price of Board will be three dollars per day; children and servants in proportion. A deduction of 10 per cent. made on all bills for 30 days or over.

The Agent will spare no pains to render the place a comfortable and agreeable home, and flatters himself, from his long experience and the advantages of the place, that he will be able to give satisfaction.

An Extraordinary Statement in Regard to Rheumatism and Pleurisy.

Peter Vaden, Esq., Dinwiddie county, Va., (Nov. 6, 1865,) says: "In August 1857, my wife, aged 66 years, was taken ill with what the doctor called a Bilious Rheumatism affecting her whole system; rendering her entirely helpless, so much so, that she had to be lifted and fed as an infant, for the pace of three months, suffering the most excruciating pain; her hands drawn out of shape and stiff, so that she could not use them. After all other remedies failed, in January, 1858, I was advised to get the SOUTHERN HEPATIC PILLS for her. She used the Pills strictly according to the directions accompanying them, and we soon discovered a change for the better, and in one month's using she was well, and continued so up to the present time; has become fleshy, cheerful, and as active as one could be of her age. One of my servants was taken with a violent attack of Bilious Pleurisy. I gave him those Pills, and in about ten days he was up and at his work; said that he felt as well as he ever did, and has continued well ever since.—Another was taken with Pleurisy. I gave the Pills, and she was well and at her work in ten days after she commenced using them. My Doctor's bill has been heretofore from $175 to 200 per year. I have used them in my family, which consists of eighteen white and colored, and have not called in a doctor during the year. This is a great saving. They certainly are the best family medicine ever discovered. After a fair trial I can recommend them as such."

A NEW AND GRAND EPOCH IN MEDICINE!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant. There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that **Maggiel's Bilious, Dyspeptic and Diarrhea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 44 Fulton Street, New York, and all Druggists, at 25 cts. per box. Sold by all Druggists in Raleigh.

A Box Will be sent Free

If he is not cured with one and not more than two boxes, no charge will be made. The price of the Pills is high—say

A BOON TO THE SICK.

AND

THE LIGHT OF THE WORLD.

DR. MAGGIEL'S PILLS AND SALVE.

These Life-giving remedies are now given publicly to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state.—To the young and middle-aged they will prove most invaluable, as a ready, specific and sterling medicine. Here is a dream realized, that Ponce-de Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

An Eternal Spring!

It was left for this day and hour to realize the dream, and show in one glorious fact, that magic that made it fair.

THESE FAMOUS REMEDIES

Cannot stay the flight of years, but they can force back, and hold aloof, diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity the offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once, and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil!

CLEANSE THE BLOOD.

With corrupt, disordered or vitiated Blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. AYER'S SARSAPARILLA purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or Kings' Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Diseases, Liver Complaints, and Heart Diseases. Try Ayer's Sarsaparilla, and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself has become synonymous with imposition and cheat. Still we call this compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.

Ayers Cherry Pectoral is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

COTTON GINS,

MANUFACTURED BY

W. G. CLEMONS, BROWN & CO.,

COLUMBUS, GA.

WE have received the manufacture of Cotton Gins in this city, and will be prepared to fill orders by 1st June next. As we shall not be, as heretofore, represented by traveling agents, parties wishing our Gins, will confer a favor by sending in their orders at an early day. As owing to the demand, we shall be unable to keep a stock in the hands of our local agents, as it was our practice before the war. All business transactions being now reduced to *cash*, our sales will be made on the basis of *ready pay.*

Our Gins are too well known to require any special notice or commendation; we believe they are unrivalled in the chief points of excellence which go to make up a superior machine, namely: *Speed light draught and good sample.*

Our DOUBLE CYLINDER GINS will be found superior to the single cylinder, when parties have steam or good water power, to give them the necessary speed. In all cases when this can be done, we recommend them in preference to the single cylinder. If, however, indifferent or *insufficient* power is used, they will not do as well as the single Gin.

Messrs. DeROSSET & CO., Wilmington, N. C., are our general agents for the State of North Carolina.

W. G. CLEMONS, BROWN & CO.

Columbus, Ga., April 24 '66.

We will give prompt attention to orders for the above celebrated Gins from any part of the State. The price is five dollars ($5) per Saw at the Factory, and five dollars for each Gin will only be charged to purchasers for transportation to this point.

LABOR.—Only little minds ever sneered at labor, and in the South the example of such men as Lee, Beauregard, Johnson, Hood, Longstreet, and a host of others—who, reduced from affluence to poverty, have entered the field as earnest laborers—has invested it with new dignity, and now more truly than ever is the idler the object of contempt and reproach among our people. Our ladies are nobly toiling with delicate fingers over unaccustomed drudgery, our soldiers, like Cincinnatus, follow the plough, and a spirit of Roman independence pervades our whole community.
